MINISTRY OF COMMERCE

PUBLIC NOTICE

IMPORT TRADE CONTROL

NEW DELHI, THE 16TH NOVEMBER, 1967

Subject:- Import of raw materials, components and spares to SSI units manufacturing radio receivers, transistor radio receivers, amplifiers, car radios and microphones - April 1967 - March 1968 period.

NO. 168-ITC (PN)/67

Attention is invited to the remarks against S. No. 290/IV in Section II of the Import Trade Control Policy (Red Book) for the period April 1967 - March 1968, wherein it is stated that the import policy for actual users will be announced later.

2. It has now been decided to consider applications for the import of raw mater

engaged in the manufacture of radio receivers, transistor radio receivers, amplifiers, car radios and microphones in the manner laid down in the Annexure to this Public Notice.

3. The entry against S. No. 290/IV in Section II of the Import Trade Control Policy (Red Book) for April 1967 - March 1968 period may be deemed to have been amended accordingly.

Annexure to the Ministry of Commerce Public Notice No. 168-ITC (PN)/67 dated 16-11-1967.

Import Policy for raw materials, components and spares required for the manufacture of radio receivers, transistor radio receivers, amplifiers, car radios and microphones - April '67 - March '68 period.

Valve type Radio Receivers, transistor radio receivers including low-priced radio receivers.

(a) Existing SSI Units.

Applications from the existing SSI units manufacturing valve type radios, transistor radio receivers, including cheap radio receivers will be considered for grant of actual user licences for the import of radio components. Import licences will be issued for the value calculated at a pack value of Rs. 4/- c.i.f. per radio set, based on their actual production of such radios during twelve months from 1.4.1966 to 31.3.1967, increased by 15% thereof, or for the value equal to 25% of the import licence issued to the unit for radio components under the liberalised import policy for April 1966 - March 1967, whichever is less. The licences, will be valid for the import of the following components only, subject to value limit indicated against each:-

S. No.	Name of components.	Value limit upto which import will be allowed within the face value of the licensee.
1.	2.	3.
i)	Disc Ceramic Capacitors Miniaturised types.	10 per cent.
ii)	Electrolytic Capacitors low voltage 50 V and below.	10 per cent.
iii)	Electrolytic Capacitors High Voltage 100 V & above.	10 per cent.

1.2.3.

iv)	Forrito and iron dust Cores not exceeding 2" in length.	10 per cent.
v)	* Gang Condensers Air Die-electric.	10 per cent.
vi)	* Gang Condensers PVC type.	No restriction.
vii)	* Potentiometers with or without switches, Miniaturised.	20 per cent.
viii)	* Rotary Type Band Switches Miniaturised.	20 per cent.
ix)	Styroflex Capacitors.	5 per cent.
x)	Trimmers.	10 per cent.
xi)	Miscellaneous items viz., litz wire, high permeability, Laminations. Insulating materials, wire thinner than 40 SWG.	10 per cent.

( \* Items (v) to (viii) can be imported as complete items or parts thereof ).

2. Import licences for radio components issued under this policy can also be utilised for the import of components required for the servicing of radio receivers, upto 25% of the face value of the licence within the overall face value.

3. The applications for licences should also be accompanied by a certificate of Chartered Accountant or of the concerned State Director of Industries, indicating the number of radio sets produced by the applicant unit during 12 months from 1.4.1966 to 31.3.1967. The certificate should separately indicate the number of sets produced in each category as under :—

	Single Band	Multi Band	Total
<u>Valve type receiver</u>			
<u>Transistor Sets</u>			
<u>Total</u>			

4. The following additional information should be furnished by the applicant in the form of a statement along with the import applications:-

- 1) Value of import licence for radio components received for April 1966 - March 1967 period.

- ii) List of components along with quantities for which orders have been placed for import or which have been imported, against the licence mentioned at (i) above.
- iii) The quantities of each type of imported components which have been actually utilised for the manufacture of radio receivers upto the date of application.
- iv) The quantity of each type of imported components lying in stock on the date of application.

(b) New Units:

Applications for grant of import licences for the import of radio components as are permissible to the existing units under the provisions of this policy will also be considered from those SSI Units who were in actual production of valve type radio receivers/transistor radio receivers on the 31st March 1967 but who had not been granted licences for the import of components in the past. Such units should apply to the regional licensing authority concerned through the concerned State Director of Industries. The applications should also be supported by a statement showing the production of radio sets during the year 1966-67 in the formats given below :-

	Single Band.	Multi Band.	Total.
<u>Valve type receivers.</u>			
<u>Transistor Sets.</u>			
<u>Total.</u>			

The applications should reach the concerned State Director of Industries on or before the 31st January, 1968 after which no application will be considered. Import licences will be issued on the basis of the recommendation of the sponsoring authorities concerned.

Amplifiers:

Applications for import of components will be considered from S.I. units manufacturing amplifiers, whose manufacturing programmes have been approved by the State Directors of Industries. Import licences will be issued for the value calculated at a pack value of .25/- c.i.f. per amplifier based on the actual production of amplifiers during twelve months from 1.4.1966 to 31.3.1967. The import licences, where issued, will be valid for the import of the following components only, subject to the value limit indicated against each :-

S.No.	Name of the component.	Value limit up to which import will be allowed within the face value of the licence.
1.	2.	3.
(i)	Valves other than the following types:	35 per cent.
1)	EZ 80	
2)	EBC 81	
3)	EF 89	
4)	KL 84	
5)	ECH 81	
6)	EM 84	
7)	EBF 89	
8)	ECL 82	
9)	EL 86	
10)	ECH 83	
11)	EBF 83	
12)	EZ 81	
13)	EC 81	
14)	UY 85	
15)	UBC 81	
16)	UF 89	
17)	UL 84	
18)	UCH 81	
19)	UM 84	
20)	UBF 89	
21)	UCL 82	
(ii)	Electrolytic Condensers Low voltage miniature 50 V and below.	10 per cent.
(iii)	Electrolytic Condensers high voltage 100 V and above.	10 per cent.
(iv)	Vibrators.	35 per cent.
(v)	Volume controls or tone controls Dual or ganged miniature and wire wound types.	5 per cent.
(vi)	Transistors having Dissipation of 2 watts and above, Diodes with a resting of 1 ampere and above and thermistors with a rating of 10 Ohms and below.	50 per cent.

(1)	(2)	(3)
-----	-----	-----

(vii) Laminations High Permeability. 2½ per cent.  
 (viii) Connectors, Jacks and plugs and parts thereof. 5 per cent.

8. Import licences for components issued under this policy will also be valid for import of components required for the servicing of amplifiers, upto 2½ per cent of the face value of the licence within the overall value of the licence.

9. The applications for licences should also be accompanied by a certificate of Chartered Accountant or of the concerned State Directors of Industries indicating the number of amplifiers produced by the applicant unit during twelve months from 1.4.66 to 31.3.67. The certificate should separately indicate the number of amplifiers produced in each category:-

I	Valve Amplifiers.
I	Transistorised Amplifiers.
X	Total:

10. The entry against S.No. 78(iv)(i)/V in Section II of the Import Trade Control Policy (Red Book) for the period April' 67-March' 68 may be deemed to have been amended accordingly.

Car Radios.

11. Applications for import of components will be considered from S.S.I. Units manufacturing car radios, whose manufacturing programmes have been approved by the State Directors of Industries. Import licences will be issued for the value calculated at a pack value of Rs.40/- c.i.f. per car radio based on the actual production of car radios during twelve months from 1.4.1966 to 31.3.1967. The import licences, where issued, will be valid for the import of the following components only, subject to the value limit indicated against each:-

S.No.	Name of the component.	Value limit upto which import will be allowed within the face value of the licence.	3.
(i)	Transistor having dissipation of 2 watts and above, Diodes with a rating of 1 ampere and above and Thermistors with a rating of 10 Ohms and below.	30 percent.	3.

S.No.	Name of the component.	Value limit upto which import will be allowed within the face value of the licence.
1.	2.	3.
(ii)	Variable Tuners.	No restriction.
(iii)	Ferrite and iron dust cores not exceeding 2" in length.	10 percent.
(iv)	Wirewound Potentiometers.	5 percent.
(v)	Ignition Suppressors and Suppressor Condensors.	25 percent.
(vi)	Band switches more than 6 bands.	No restriction.
(vii)	Trimmers.	5 percent.
(viii)	Electrolytic Condensers low voltage 50 V and below.	5 percent.
(ix)	Special Valves other than the following:-	25 percent.
1)	EL 80	
2)	EBC 81	
3)	EF 89	
4)	EL 84	
5)	ECH 81	
6)	EM 84	
7)	EBF 89	
8)	ECL 81	
9)	EL 86	
10)	ECH 83	
11)	EBF 83	
12)	EZ 81	
13)	EC 81	
14)	UY 85	
15)	UBC 81	
16)	UF 89	
17)	UL 84	
18)	UCH 81	
19)	UM 84	
20)	UBF 89	
21)	UGL 82	
(x)	Litz wire.	1 percent.

12. Import licences for car radio components issued under this policy will also be valid for import of components required for the servicing of car radios, upto  $2\frac{1}{2}$  percent of the face value of the licence within the overall value of the licence.

13. The applications for licences should also be accompanied by a certificate of Chartered Accountant or the concerned State Directors of Industries indicating the number of car radios produced by the applicant unit during twelve months from 1.4.1966 to 31.3.1967. The certificate should separately indicate the number of car radios produced in each category as under:-

Partially transistorised.

Fully transistorised.

Total.

Microphones:

14. Applications for import of components will be considered from SSI Units manufacturing microphones, whose manufacturing programmes have been approved by the State Directors of Industries. Import licences will be issued for the value calculated at a pack value of Rs.4.50 c.i.f. per microphone based on the actual production of microphones during twelve months from 1.4.1966 to 31.3.1967. The import licences, where issued, will be valid for the import of the following components only:-

<u>S.No.</u>	<u>Name of component.</u>
(i)	Diaphragm.
(ii)	Mumetal Lamination.
(iii)	Winding wire 40 SWG and thinner.

15. Import licences for microphones issued under this policy will also be valid for import of components required for the servicing of components, upto 2½ percent of the face value of the licence within the overall value of the licence.

16. The applications for licences should also be accompanied by a certificate of Chartered Accountant or of the concerned State Director of Industries indicating the number of microphones produced by the applicant unit during twelve months from 1.4.1966 to 31.3.1967.

17. The entries against S.No.78(iv)(v) in Section II and in Part 'A' in Section III of the Import Trade Control Policy (Red Book)

for the period April' 67-March' 68 may be deemed to have been amended accordingly.

18. Applications for import licences under this policy should be made to the regional licensing authorities concerned in the prescribed form and manner. The existing units i.e. those who obtained import licences for the period April 1966-March 1967 should make applications direct to the licensing authorities concerned, after utilising the previous set of licences for raw materials, components and spares to the extent of 90% by way of opening letter of credit or 60 percent by way of actual importation or 70 percent by way of shipment. The application should be accompanied by evidence showing utilisation of the previous set of licences in the form of original or photostat of the Exchange Control or Customs copy of the licence(s), as the case may be.

19. New units i.e. those who did not obtain import licences for April' 66-March' 67 should apply through the State Directors of Industries.

20. Import licences issued under this policy shall be subject to the following condition, inter-alia:-

"The licensee shall furnish half yearly production returns showing his actual production of Radio receivers/Amplifiers/Car radios/Microphones during the half years ending September 1967, March 1968 and so on, in the proformae attached (Appendix I, II/III/IV) to this Public Notice, duly certified by a Chartered Accountant or by the concerned State Directors of Industries. Such returns shall be furnished separately to the concerned State Director of

Industries, the D.C.(SSI), New Delhi and the Government of India, Ministry of Defence, (Department of Defence Supplies), New Delhi. The return for each half year shall be furnished so as to reach the authorities concerned not later than 45 days after the end of the half year to which it pertains.\*
